Sudfah #213 shown

SUDFAH

Sudfah (Arabic for "happy accident") is a generative collection celebrating the beauty that can emerge from chaos, mistakes, and accidents. A single calligraphic line intends to tell one story (sometimes wandering and confused in its own right, but always meandering from one side to the other). Digital liquid is spilled upon it and takes the ink in directions that are unexpected, uncontrolled, and tell a much more interesting story than the one the line intended.... and often more beautiful.
